

Challenge 4: Wrap It Up

I hope everything went well with your last challenge! Be sure to send us your responses to the challenge questions if you haven't already!

Now, go and watch chapters 1 through 3.6 of the lynda.com video series: [*Fundamentals of Software Version Control*](#).

After you have soaked that up, watch chapters 1 through 2 of the lynda.com video series: [*Git Essential Training*](#).

Final Challenge:

Install Git on your Mac! You should have everything you need to install Git. Now bask in the glory of completing your prep work and get ready for an awesome 8 week adventure!
